Food Sector Category List with Modules

Type of Operation	Food Sector Category	Modules
Production, Capture and Harvesting of Livestock & Game Animals: *Fresh Ranch Animal Production, Intensive Animal Production, Dairy Farming, Game Animals, and Apiculture*	1	2: System elements 5: GAP for farming of animals products
Growing and Harvesting of Animal Feeds	2	2: System elements 3: GAP for single feed production
Growing and Production of Fresh Produce: *Fresh produce that will undergo further processing Ready-to-Eat (RTE) Produce*	3	2: System elements 7: GAP for farming of plant products (fruit and vegetables)
Fresh Produce Pack house Operations	4	2: System elements 10: GMP for pre-processing of plant products
Extensive Broad Acre Agriculture Operations and Seed Production	5	2: System elements 8: GAP for farming of grains and pulses
Harvest and Intensive Farming of Fish: *Wild Caught Fish and Aquaculture and RTE Fish*	6	2: System elements 6: GAP for farming of fish
Slaughterhouse, Boning & Butchery Operations: *Red Meat, and Poultry Meat*	7	2: System elements 9: GMP for pre-processing of animal products
Processing of Manufactured Meats and Poultry	8	2: System elements 11: GMP for processing of food products
Seafood Processing: *Raw fish and fishery products, Uncooked RTE Fish, and Cooked Fish*	9	2: System elements 11: GMP for processing of food products
Dairy Food Processing	10	2: System elements 11: GMP for processing of food products
Honey Processing	11	2: System elements 11: GMP for processing of food products
Egg Processing	12	2: System elements 11: GMP for processing of food products
Bakery and Snack Food Processing	13	2: System elements 11: GMP for processing of food products
Fruit and Vegetable Processing	14	2: System elements 11: GMP for processing of food products
Canning, Pasteurizing, UHT and Aseptic Operations	15	2: System elements 11: GMP for processing of food products
Ice, Drink and Beverage Processing	16	2: System elements 11: GMP for processing of food products

Confectionary Manufacturing	17	2: System elements 11: GMP for processing of food products
Preserved Foods Manufacture	18	2: System elements 11: GMP for processing of food products
Food Ingredient Manufacture	19	2: System elements 11: GMP for processing of food products
Recipe Meals Manufacture	20	2: System elements 11: GMP for processing of food products
Oils, Fats, and the Manufacture of oil or fat-based spreads	21	2: System elements 11: GMP for processing of food products
Processing of Cereal Grains and Nuts	22	2: System elements 11: GMP for processing of food products
Food Catering and food Service Operations	23	Not available
Food Retailing	24	Not available
Fresh Produce Wholesaling and Distribution	25	2: System elements 12: GMP for transport & distribution of food products
Food Wholesaling and Distribution	26	2: System elements 12: GMP for transport & distribution of food products
Manufacture of Food Sector Packaging Materials	27	2: System elements 13: GMP for production of food packaging
Provision of Crop Spray Services	28	Not available
Provision of Field Harvest Services	29	Not available
Provision of Sanitation Services	30	Not available
Manufacture of Dietary Supplements	31	2: System elements 11: GMP for processing of food products
Fertilizer Manufacture	32	Not available
Manufacture of Agricultural Chemicals and Food Processing Aids	33	2: System elements 11: GMP for processing of food products
Manufacture of Animal Feeds	34	2: System elements 4: GAP for compound feed production
Broker or Agent	35	2: System elements 14: GMP for brokers or agents
